BEER NOW? PERHAPS
MARRIAGE A COMIC STRIP
MANY A MICKLE
80 DAYS, 6 DAYS, 1 DAY.

WASHINGTON reports that Republicans led by Senator Bingham, will vote for beer now, taking from Democrats one of their most valuable campaign assets Democrats in congress could not well vote against beer, having declared for it in their platform.

It is suggested, not on White House authority, that if any beer bill is passed while Hoover is President, he will veto it. The President does not forget, as some others do, that there are quiet people in quiet places in whose minds prohibition is a perfect success.

MRS. MINNIE KENNEDY HUDSON, mother of Aimee Semple McPherson, Hutton, known to millions as "Ma," describes modern hasty matrimony better than it has been described hitherto. She has only friendship for her husband only recently married, but finds that her romance has "turned into a comic strip, funny and getting funnier."

She adds that the will be responsible for none of her husband's debts or other obligations.

TODAY you will buy new postage stamps, for three instead of two cents. They are pretty, purple, with the well-known portrait of George Washington by Stuart. Lincoln's three-cent stamp, now in use, will continue.

Four thousand millions of the new three-cent stamps have been printed, also 1,000,000,000 one-cent stamps. You may add one to the two-cent stamp now in your possession. Air mail will cost eight cents hereafter for the first ounce.

The extra money goes to your Uncle Sam, who seems to show greater energy in taxation than in economy. "Many a mickle makes a muckle." One cent extra for 4,000,000,000 stamps means \$40,000,000 more for Congress to spend.

MATTEN and Griffin, ambitious flyers, now on their way around the world, expect to make the trip in six days. Jules Verne wrote about a trip around the world in 80 days, "only a dream." A trip around the world in one day, the speed that the sun seems to make—1,000 miles an hour—will be the record one day. One thousand-mile-an-hour flyers will travel high up in the stratosphere, thin atmosphere offering little resistance to the plane. And that travel, fully organized, will be safer than any that men have known hitherto, no grade crossings, broken rails, defective switches, rear or front-end collisions.

HUMAN beings are not, usually, bad as you think them. Two German flyers, Bertram and Clausemann, forced down in a wild part of Australia, almost starved to death seeking to evade "savage natives that might be cannibals." Finally natives found them, gave them a big fish, brought other food and fresh water, killed Kangaroos and supplied fresh meat.

If those Australian natives had landed, unable to speak a word of the local language, in this or some (Continued on Page 3)

Yankee Globe Girdlers Land Safely In Berlin

FINISH FIRST NON-STOP HOP TO TEMPELHOF

Flight from Harbor Grace To Germany Timed At 18 Hours

BAND STRIKES UP NATIONAL ANTHEM

Stars and Stripes Raised As Ship Taxes Down Field

(By Associated Press)
BERLIN, July 6.—James Matten and Bennett Griffin, American, round the world fliers, landed at Tempelhof airdrome at 5:40 p. m. (11:40 a. m. in Salem) today.

They brought their red, white and blue ship down on the field a little more than 18 hours after leaving Harbor Grace, New Foundland.

Encounter Bad Weather. More than two hours before they landed they had been sighted over Hanover. Usually the flight from that city is a matter of less than an hour and when they did not appear at Tempelhof within that time, those who awaited them at the field, including United States Ambassador Sackett began to worry.

It developed, however, that there was some bad weather between here and Hanover, and the globe girdlers had been obliged to go out of their way.

The Matten-Griffin ship was the first flown by Americans to reach Berlin on a non-stop flight from the Western Hemisphere, and officials at Tempelhof airdrome took note of the extraordinary occasion by raising the stars and stripes as the "century of progress" taxied across the field.

Play National Anthem

A band played the Star Spangled Banner.

The crowd on hand was not very large because the time of the landing generally was unknown and an intermediate stop had been expected because of storm conditions in North Germany.

Ambassador Frederick M. Sackett, who had come to the field when informed the fliers had been sighted at Hanover, unfortunately had left 15 minutes before the landing.

Girl Injured In Crash Improving

Miss Mattie Meredith, 34 of Akron, injured Tuesday in an automobile accident in which Regis E. Farabaugh, 32, of Carrolltown, Pa., was killed was reported in an improved condition at City hospital today.

Miss Meredith sustained lacerations about the left shoulder dislocation of the right hip and other injuries.

The body of Farabaugh, boyhood friend of Fire Chief V. L. Malloy of this city, was taken to Carrolltown Tuesday afternoon.

The accident occurred at Deerfield, north of Salem, at 4 a. m. yesterday, when an auto driven by Farabaugh crashed into a tree.

Westville Woman's Condition Better

The condition of Mrs. Maggie Stackhouse, 84-year-old Westville woman, seriously hurt when she was attacked by two robbers who stole her life savings of \$250 last Saturday night, was today reported improved.

Mrs. Stackhouse yesterday was removed to the home of a granddaughter, Miss Minnie VanSycow, living on the Westville-Allamore rd., where she was said to be "resting comfortably."

The aged woman was attacked and dragged from her bed by two masked bandits who tied her to a bed post, and tortured her until she revealed the hiding place of her money.

Mrs. Stackhouse had been saving the money for her burial, Barlow reported.

H. P. Carnes Wins Office In Florida

Word was received here today by relatives of the election of Herman P. Carnes, former Salem resident, now living in Palatka, Fla., as justice of peace of Putnam county, Fla.

Carnes, well known here has been residing in Florida for the past 10 years. He won the election as justice over three rival candidates, two of them lawyers and life-long residents of Florida.

Carnes graduated from Salem High school in June, 1922. He is a brother of Clarence D. Carnes, South Union ave.

BULLET WOUND HALTS TOBACCO HEIR'S CAREER

Smith Reynolds Is Shot Almost Within Sight of Actress Bride

(By Associated Press)
WINSTON SALEM, N. C., July 6.—Smith Reynolds, 20-year-old heir to the R. J. Reynolds tobacco millions, ended a spectacular career here early today with a bullet wound through his head.

The youthful scion of one of North Carolina's richest families died in a hospital four hours after being brought there from his home at Reynolda, the family estate near here.

A. B. Walker, of Winston Salem, told authorities Reynolds shot himself almost within sight of his bride of a few months, the former Libby Holman, Broadway "torch singer."

Hears Sound of Shot

Walker, who was spending the night at Reynolds' home, said they were preparing to retire about 1 a. m., and that he was closing the windows on the first floor of the palatial home when Reynolds appeared on a balcony outside his bedroom above. A moment later there came the sound of a muffled shot and Mrs. Reynolds screamed that her husband had been shot.

Dr. W. N. Dalton, coroner of Forsythe county, ordered an autopsy early today. He said he had not decided whether an inquest was necessary and that the autopsy was to determine the direction of the bullet.

Frank Vogler, Winston Salem undertaker, said there was every indication of suicide.

Wed Textile Heiress

Young Reynolds first came into newspaper prominence three years ago, when he and Anne Cannon, heiress to the Cannon textile mills, were married at 2 a. m. in New York, S. C. The young couple was (Continued on Page 8)

Will Ask Bids On One-Mile Highway

LISBON, July 6.—The state highway department is expected to open bids in August for the improvement of the sub-Atlantic road extending from the East Liverpool-Youngstown road on the west to the East Liverpool-East Palestine road on the east, the distance to be improved being slightly in excess of one mile.

Additional land is being acquired to widen the road, which, at this time, is a narrow concrete section. Plans and estimates are now being worked up under the direction of County Surveyor Lloyd C. Kirk.

This will probably be the last project in this county to be awarded by the state highway department this season.

Tells of Control Of Garden Pests

Frank Groomes discussed "Control of Garden Pests" in a paper presented at a meeting of Guilford grange recently. John Sell gave a paper on "How to Correct Binder Troubles."

Other numbers on the program were: Song, "America, The Beautiful" by the grange; responsive reading, "The Declaration of Independence." E. O. Charlton, leader; roll call response, "An Event of American History"; contest, "Old Sayings," won by Mrs. Frank Groomes; reading, "The Lazy Farmer," Miss Bernice Coppock; song, "America," the grange.

OHIO BROTHERS HORSEWHIPPED FOR STEALING

Millersburg Judge Who Metes Punishment Says It's Justifiable

(By Associated Press)
MILLERSBURG, O., July 6.—The horsewhipping of two men, convicted of stealing, probably the first punishment of this kind imposed in Ohio in 50 years, was upheld as "justifiable" today by the judge who pronounced the sentence.

Twenty strokes each were applied yesterday to the backs of William Wynn, 48, and his brother, Jesse, 51, after they expressed preference for the lash instead of 30 days in jail with hard labor and bread and water diet.

Common Pleas Judge R. B. Putnam gave the men their choice of sentences.

Hands Are Tied

Choosing the whipping, the brothers were led outside the Holmes county jail where their hands were tied high above their heads to the bars over a window.

Three hundred spectators boomed at first, and then stood in silence as Sheriff John Stevens, a muscular man, applied the lash.

Neither of the convicted men appeared to suffer severely, and it was apparent that the sheriff did not make the blows unusually heavy. However, Stevens twice broke a (Continued on Page 3)

HENRY DERFUS, AGED 77, DEAD

Succumbs at Home today; Had Lived In Salem For 41 Years

Henry Derfus, 77, resident of Salem for 41 years, died at 12:35 p. m. at his home on East Second st., after a brief illness. He had been in declining health for a number of years.

Mr. Derfus was born in Meadville, Pa., May 1, 1855, son of Frank and Mary Derfus, and the oldest of eight children.

He was a blacksmith by trade. He was a member of St. Paul's Catholic church. On Oct. 21, 1877, he married Rosina Hofmann at Meadville. Six children were born to them, Emma, Mary, Joseph, Dorothy and Helen, at home, and Dr. L. P. Derfus, this city, who, with his widow, survive. He is also survived by two brothers, Andrew and Thomas Derfus, and one sister, Mrs. C. W. Thompson, all of Meadville.

Funeral arrangements will be announced Thursday.

Cleveland Driver Pays Fine of \$100

A fine of \$100 and costs was imposed Tuesday by Mayor John M. Davidson against Joseph Rubes of Cleveland, found guilty on a charge of operating a motor vehicle while under the influence of intoxicating liquors.

Rubes was taken to the county jail at Lisbon, in default of fine and costs, by Sheriff W. J. Barlow. Warren Blackburn of Pittsburgh, charged with reckless driving in an affidavit filed by Clarence Borland, Sebring, was found not guilty in a hearing before Davidson.

Washingtonville Discusses Finance

WASHINGTONVILLE, July 6.—Discussion of the village's financial condition occupied the attentions of members of Washingtonville council at their July business session Tuesday night.

The village was able to meet its regular payroll last night but doubt was expressed by solons as to whether paychecks will be issued next month.

Dogs Kill Sheep

LISBON, July 6.—Dogs have killed six sheep and wounded four on the farm of Frank McCrea. A claim has been filed with the county commissioners for \$32 damages.

Adjourns Court

Lones Tuesday afternoon adjourned court until next Monday morning. The Ohio State Bar association is meeting this week at Cedar Point, O., and many members of the county bar association planned to attend the sessions. No assignment has been issued for the next week.

Two Yankee Globe Girdlers Land Ship In Berlin

A pair of American fliers attempting to better the time of Wiley Post and Harold Gatty for a globe girdling flight, landed today in Berlin, Germany. The courageous pair are Bennett Griffin (center) of Oklahoma City, a World War ace and veteran flier. He accompanied by Jimmie Matten (left) well known middle west airman, who will act as co-pilot. Below is their speedy monoplane, and, at right, is Mrs. Bennett Griffin, wife of the aviator.

LISBON VOTERS WILL ACT UPON TWO-MILL LEVY

Sinking Fund Low, Village Council Seeks Means to Revive It

LISBON, July 6.—A two mill levy, designed to raise money for sinking fund purposes, will be submitted to Lisbon voters at the November election through plans approved by members of village council at its monthly meeting Tuesday night.

A resolution certifying the levy to the board of elections will be voted on at council's next session, on Monday, August 1.

A two-hour discussion of village finances was held by councilmen last night, the two mill levy, outside the 15 mill limitations, being determined as the best means for raising funds.

Councilmen declared that, should the levy be approved by voters, taxpayers will still be called on to pay less in taxes than they have in previous years.

The present tax rate, on a valuation of \$3,213,410, is 20.30 mills, where formerly the rate was 21.40 on \$4,231,620.

WOMAN SHOOTS BASEBALL STAR

Cub Shortstop Wounded; Unrequited Love Is Blamed

CHICAGO, July 6.—William Jurgens, star shortstop for the Chicago Cubs, narrowly escaped death today when a young woman came to his room, shot him twice and then turned the gun on herself. Neither was seriously wounded.

The woman, a pretty brunette, gave her name as Miss Violet Valli, of Chicago. She gave her occupation as cashier in a North Side Chicago store. At the hospital where she was taken along with Jurgens, she refused to say why she shot him.

From the scattered, incoherent evidence gathered by the police, it appeared like an unrequited love affair was the subject. The Chicago woman's attentions, the police said, had threatened to shoot Jurgens and in the struggle for the gun, Jurgens was shot in the right side and left hand and Miss Valli in the left hand. Dr. John Davis, Cub physician, said the side wound failed to penetrate the vital organs and that no bones were broken by the hand wound.

\$215.80 Collected By Mayor's Office

A total of \$215.80 was collected by Mayor John M. Davidson from fines, costs, licenses and building permits during the month of June, the mayor reported at Tuesday's council meeting.

Fines totalled \$37 while costs amounted to \$29.80. A total of \$145 was received in issuance of licenses while building permits netted \$4.

Fair Pursues Cut

COLUMBUS, O., July 6.—Purses at this year's Ohio state fair harness races will have a total value of \$15,000 as compared with \$18,300 in 1931. The cuts were announced yesterday.

Shoots Wife, Self

BOWLING GREEN, O., July 6.—Because she refused to return to him, William Hunt, 60, of Hammonsburg, wounded his estranged wife, Louise, 55, and shot himself to death last night. The woman, shot twice, was not expected to live.

Don't Forget, It's Three Cents Now At Stamp Window

Don't forget—you've got to put three cents in postage on your letters now.

The new rate went into effect at midnight last night as part of the \$1,118,500,000 tax bill. The treasury estimates that between now and July 1, 1934, postal charge increases—including some on second class mail—will bring in \$160,000,000.

SCOTCH PAYING HIGHER TAXES

Groceries Cost More, Too, Hobart Butcher Tells Rotary Club

Taxes, considerably higher than any paid in this country, must be paid on practically everything purchased in Scotland, even groceries, according to Hobart Butcher, former Salem man who has just returned from that country.

Three Years in Scotland

Butcher, who was associated with the Salem Rubber Co., has spent the last three years in Scotland assisting in the establishment of a plant of the India Rubber Co. He gave his impressions of the country in a talk before the Rotary club Tuesday at Quaker tea house. Taxes are so high that few automobiles are seen in Scotland, he said. Commodity prices are practically as high as in this country, in many cases much higher, although wages are very low. People of the middle class earn less than wage earners in this country, and class distinction is quite noticeable.

Even temperatures abound, and while it never gets hot in the summer, it does not freeze in the winter. Butcher said he did not see one frame house in Scotland and all are built on the ground without foundations. There is practically no refrigeration but because of the cool climate there is no danger of food spoiling.

Gibbs To Retire

Butcher was presented to the club by Russell C. Gibbs. Next Tuesday the club will hear Ralph Sweetser of Wellsville, who will speak on the subject, "The Chalice of Antioch." Ralph W. Hawley will be in charge of the program.

At this week's meeting Atty. Charles G. McCormick assumed charge as president, succeeding Russell C. Gibbs, who served during the last year.

Approve Paroles

LISBON, July 6.—Upon the recommendation of Judge Harry Brockman of East Liverpool, county commissioners have approved a parole from the county jail for John Martin of East Liverpool.

Martin owes a balance of \$107, which he will pay in monthly installments. A parole has also been granted Victor Reed of East Liverpool.

Fair Pursues Cut

COLUMBUS, O., July 6.—Purses at this year's Ohio state fair harness races will have a total value of \$15,000 as compared with \$18,300 in 1931. The cuts were announced yesterday.

SOLONS ADOPT \$15,000 MEASURE AS EMERGENCY

Municipal Workers Have Gone Payless For Last Month

CITY ENGINEER'S SALARY REDUCED

Barckhoff To Be Placed In Charge of Disposal Plant

An ordinance approving the issuance of \$15,000 in notes to provide funds for the payment of salaries of Salem municipal officials and employees was approved by members of city council at their meeting Tuesday night.

The measure, calling for the issuance of notes bearing two per cent interest and maturing on November 1, was approved under suspension of council rules as an emergency ordinance.

Pay Back Salaries

The ordinance was submitted, councilmen announced, to enable the city to pay back salaries and wages due officials and employees who have not received checks for the last month.

The notes will be offered for sale by City Auditor Karl L. Webster and, if no bids are received, they will be purchased by the waterworks department, it was announced.

If funds are not available to retire the notes next November a general tax will be levied against all property owners of the city, the ordinance provided.

Council passed a second ordinance effecting a 50 per cent decrease in the salary of City Engineer F. S. Barckhoff and placing him in "complete charge and supervision of the sewage treatment plant and its employees."

Barckhoff, through this ordinance, will receive \$1,200 annually. His previous salary was \$2,400 a year.

Asks Street Signs

Councilman Paul J. Dean asked members of the body to consider plans for the erection of street signs at all intersections of the city. The matter was placed on file until such time as the city has funds with which to take action on the project.

A request received from T. R. Tullis of Salem, asking that council take action towards obtaining a reduction in gas rates, was referred by President Charles D. Baker to Councilman C. F. Zimmerman who was asked to submit a report at the group's next meeting, Tuesday, July 21.

80 Pleasure Cars, Four Trucks, Sold

There were 80 new pleasure cars sold in this county last month and four new trucks, according to a statement issued today by Clerk of courts John A. Noble. The May record was 84 cars and nine trucks.

Distribution of pleasure cars show: Ford, 29; Chevrolet, 14; Plymouth, 11; Buick, eight; Nash, six; Willys, 6 and Rockne, two units each; Studebaker, Essex, Dodge, Pontiac, Chrysler, Hupmobile, Oldsmobile, Auburn, one unit each. Two Chevrolet, one Ford and one Willys-Knight trucks were sold. Bills of sale for all these new units were filed.

Legion Will Name Toledo Delegates

When the Columbiana County council of the American Legion meets in Wellsville next Monday evening plans will be made to send delegates to the state convention which is scheduled for Aug. 13, 14 and 15 at Toledo.

A program of entertainment is being arranged for the meeting and lunch will be served. Representatives of the Salem post expect to attend.

Crazy, Says Will

CLAREMORE, Okla., July 6.—Today is primary day here in town, both Democratic and also Republican (if anyone was humorous enough to run on such a ticket here). There is more Democrats here in Rogers County running for office than in both Chicago's "fascists."

Looks like the tax payers in the United States are the only folks hiring any help nowadays. Private business, when it don't do any business, don't use anybody. But the less business the public has, the more we hire to tend to it.

There is only one county institution that needs enlarging, and that's the insane place, and put us all in there till we know enough to cut out at least 50 per cent of our governing expenses. Yours,

Will Rogers

CAMPAIGN KEYNOTE

Governor Roosevelt's campaign keynote speech, delivered in the closing session of the Democratic convention Saturday afternoon, removed the last doubt concerning the appeal by which the nominee will attempt to enlist enough support to become the first Democrat since Woodrow Wilson to occupy the White House. It was a note of popular liberalism that the governor struck—a note that comes as close to harmony with the pre-served voice of Jefferson as any note could in these changed times.

Mr. Roosevelt accepts Alfred E. Smith's challenge on the "forgotten man" issue. His address Saturday was directed at the masses. It was calculated to convince the farmer, the worker and the little business man that their interests have been served badly by the administration of Herbert Hoover. His campaign, says Mr. Roosevelt, is to be a "crusade to restore America to its people."

There can be no denying that this is a mighty appeal, regardless of its absolute fairness and intellectual honesty. It is conceded that this is a year more than usually favorable for the challenging party. The reason is plain; the people are discontented and doubtful of the party in control. It is useless to argue that the Republican administration, because it is forced to deal with facts and can not speculate in promises, as can the Democratic party, has been doing its utmost to serve all the people. Political battles are not settled by logic, but by prejudice. It is Mr. Roosevelt's intention and his privilege to appeal to that prejudice.

There will be none of the confusing sameness of the two parties this election year that has puzzled voters in preceding years. A wide shift of factors has created many sharp points of difference. This year, for instance, one party will point to the future, the other to its record in the immediate past. Republicans, having burned their fingers on futurism, will not be likely to be tempted again. Promising will be left to Democrats. It is one of the risks they will have to accept.

On the prohibition and tariff issues, the Democratic party has taken positions that distinguish it clearly from the Republican party. Again, the Democratic stand on relief and farm aid is different from the Republican stand. It can be predicted with reasonable certainty, furthermore, that as the campaign progresses further differences will develop. The strongest line of Democratic attack will be to capitalize on the public's fretfulness over the continuance of depression by offering voters a complete change of political philosophy.

By the token that party politics is a game in which quarter given is asked because none will be given, the prospect for a great campaign this year is unusually good. In development of a nation's strength there are certain periods of unusual importance. The year 1932, in which the two major political parties are destined to make a fight to the finish on definitely conflicting principles, will be one of those periods. The United States will emerge from it with a clearer conception of the importance of government to individual citizens.

## What Others Say

## REDISTRIBUTION OF GOLD

For some years prior to 1930 monetary gold had been piling up in New York and Paris, being drained away from Germany, Austria, Great Britain and many other countries by adverse trade balances and the efforts made to keep those currencies at par. The United States got the lion's share of the precious metal, and was accused of hoarding, although it was an automatic process, resulting from our high tariff and war-debt policies, which prevented the flow of goods into this country. Gold had to come in steady.

Since that time a gradual redistribution has been taking place, and it now appears complete, so far as the United States is concerned. More than \$1,500,000,000 of gold has been exported from New York in eight months, and has halted abruptly in late weeks due partly to balancing of the federal budget and rejection of the veterans' bonus, as well as the fact that foreign accounts at New York were virtually liquidated.

Although this drain of our gold to Europe, mostly to Paris and Amsterdam, occasioned some worry in Washington and New York, it has brought about a more wholesome situation. At least a half dozen central banks of smaller European countries have built up their shattered gold reserves in the last six months, placing them in a much better position to protect their currencies.

There still is an unduly large gold stock in France, but the tendency is for this gold to move gradually to other centers in Europe. When this process has gone further we shall be near to a sound equilibrium with respect to gold distribution. That will not be the signal for the return of prosperity, but it will be one step forward toward eventual recovery of world trade.—Cincinnati Enquirer.

## Court News

## Common Pleas Entries

John Farcas, through his counsel, E. L. Robinson, has filed suit in common pleas court against W. H. Knisley & Son, Inc. of Salem and the Central Acceptance Corp. of Cincinnati for \$327.03 claimed to be owing on the sale of an automobile. Farcas sets up he purchased a car from the defendant company, and has made regular payments. He recites he had some domestic difficulties early in the year, and placed the car in storage with Knisley to be sold. Instead, he claims, it was repossessed by the Central Acceptance Corp., and then sold to Knisley without competitive bidding. He has placed his damage at the amount sued for.

## Partition Action

Partition of \$986.69, the balance of a checking account in the Union Commercial and Savings Bank, East Palestine, is sought in a petition filed in common pleas court by Alty L. M. Kyes for Mary E. Frazer, executrix of the estate of Hugh J. Frazer, against Myrtle F. Irwin and the bank as a party defendant. Parties claim a half interest in the account.

## Asks Foreclosure

George S. Clark, receiver of the Ohio Savings & Loan Co., has filed a foreclosure action in common pleas court against James G. Trester and others, last known to be residing at Hermitage, Pa. The action is based upon two loans, one for \$4,500, April 1, 1929 and one for \$4,000, April 1, 1929. The petition claims there is due \$9,378.03 and interest, secured by mortgage deeds on tracts in Columbiana and Fairfield townships.

The case of George E. Keller, against Virginia Heddleston, originally filed in municipal court, East Liverpool, and then carried to common pleas on appeal has been heard and submitted to Judge W. F. Lones. The judgment of the municipal court has been reversed because the judgment of the lower court was not sustained by sufficient evidence, and for error in refusing to admit evidence offered by the plaintiff in error. The cause has been remanded to the municipal court for further proceeding, and the costs in the action in common pleas court have been placed against the defendant in error, and exceptions have been entered for the defendant in error.

In the divorce action filed by A. Spencer Nolan against Clara Nolan, a decree has been granted the plaintiff on the ground of gross neglect of duty on payment of costs. A motion for the appointment of a receiver has been denied in the partition action filed by Walter A. Moff against Juliet E. Smith Moff. Judgment has been entered on the verdict for \$478.79 in favor of the plaintiff in the case of Martha Pickett against H. G. Dow and others.

## Wife Asks Divorce

Wilma M. Capehart, through her counsel, Crawford & Cochran of East Liverpool, has filed a divorce action in common pleas court against her husband, Leo Capehart, a tinner, residing at Fisher park East Liverpool, charging him with gross neglect of duty. They were married at East Liverpool April 7, 1928, and have one child. The plaintiff recites that she has been compelled to leave her home and reside with her parents at 610 Broadway, Wellsville. Both temporary and permanent alimony are asked in addition to a decree and custody of the minor.

## Charges Water Pollution

An injunction to stop the alleged pollution of water in Middle fork of Beaver creek from water coming from a mine operated by John Pasco of Salem, doing business as the Pascola Coal Co., is asked in common pleas court by Attorney Lynn R. Riddle for E. H. Sullivan, who is operating Kelley's park, a summer resort in Salem township on the Leetonia-Columbiana road.

NEW YORK, July 6.—Grand opera, facing a dubious future, seems whistling in the dark. Sponsors are admittedly in a quandary over the ultimate outcome. No one thing is responsible for the debacle which it is hoped is temporary. It merely collapsed with the rest of the world.

Many believe stars of the past few lush years lacked the well-known "it." The contagion of Czarism established box office records. Gertrude Farrar, too, was a magnet for innumerable. Jeriza, Gigli and Lily Pons have drawing power, but not so marked. The Metropolitan itself is a gloomy pile.

To thrive, opera must not only attract music lovers but the curious and the extravagant rich, who will pay the yearly fortunes to be ensconced in the stupifying brilliance of the Diamond Horseshoe. Paying for the vanity to be seen is the keynote of the grand opera corner.

Real opera lovers are perched in the dizzy tiers of the gallery. They are mostly Italians, Neapolitans, chiefly, barbers, waiters and small tradesmen. The faithful followers who will stand in line in the wind and rain from 9 in the morning until the doors open at night.

In the year Otto Kahn has faded out of the picture. His successor is Paul D. Cravath, a distinguished lawyer but without the dynamic fervor for the effects of opulent fortune. Salaries have been slashed, furious jealousies have arisen, and the season shortened. Next year, a wag says, we will have "baby-grand opera."

Near the Metropolitan there used to stand a shawled Niobe, known as Crying Mary. Her tear duct-control was so perfect she could weep at will. Four years ago she vanished. All successful New York actresses reputedly retire to lordly mansions in New Jersey. And Mary is no exception.

Mary has, however, a worthy successor in a lachrymose lad of 13 standing near a subway kiosk in West 42d st. He is a crying fool and there is no limit to his pathetic whines. So much sympathy does he evoke he often picks up \$10 a day.

Similarly, Old Dan, the Telescope Man, has vanished from the evening sidewalk panorama of Washington Square. His cry: "See Old Sirius, the Dog Star—only a dime," was one of the familiar cries of the neighborhood. Northwest two block young men carry on with a mammoth telescope, near the library wall, pointed in the direction of the Empire Tower. Their patter is high-blown—an appeal to the intellectuals. "Study the heavens," one intones. "Put yourself in rapport with the immensity of the unknown."

As one of the moonbacks, whose courtesies were acquired in an age when ladies did not smoke, I frequently flounder in the web of modern manners. In passing cigarettes I unconsciously ignore the women and am usually a bad fifth in those quick flurries when gallants fly to them with lighted matches or bidouilles. I often think the most attentive husband I know is the writer, Hamish McLaurin. In the years of their happy marriage he has lit every after-dinner cigarette his wife has smoked before passing it to her. There is a moving oddity in that sort.

In the bank crash... The Leon Gordons are summing in a small town in Holland... Rene, well-known head waiter, is at the Waldorf... S. S. Van Dine lost all his detective book royalties investing in "glit-edge" bonds... Louise Closser Hale, at 60, keeps up to the minute on slang but never speaks it... Fred Stone and Dave Montgomery never associated off stage... And never quarreled... Billie Burke's road tour and film work has kept her away from New York for a year... Hattie Belle Johnston is on Spain's Isle of Majorica until autumn.

An adventure in the faultlines of circumstantial evidence has left a distinct impression. Waiting last night on a corner, in a quiet neighborhood, for a friend who had crossed the street to a phone, I found myself, in a moment of mental vacuity, jiggling with the lock on a darkened shop door. And I hope to kiss a duck-billed Gumbi if a policeman didn't pop out of nowhere. I slunk off in dripping cecidation, arms swinging high and kicking an imaginary object toward the gutter. Just a man about town!

## The Stars Say—

For Thursday, July 7.

Very propitious astral influences mark this day as one of importance and of far-reaching effect on the destinies and the fortunes. It is possible that a suddenly presented opportunity for change of a radical nature may react on the affairs to a degree greatly expanding the fortunes and moving toward the goal of high ambitions, with increased popularity and personal prestige.

Those whose birthday it is are on the eve of a splendid opportunity for increasing the finances, attaining the ambitions, and enhancing personal standing and influence. A child born on this day should be skilful, adventurous, ambitious, and should attain to good fortune, rapid progress and personal popularity by its initiative and good nature.

Water Helpful In Curing Paralysis  
Medical science continually strives to prevent disease and to correct the deformities and handicaps resulting from disease. No better example of this can be shown than the persistent fight of science against infantile paralysis.

Though there is still much to be learned, great efforts have been made to gain a more thorough understanding of this disease. Infantile paralysis is a dreaded disease that often leaves the afflicted person in a crippled and paralyzed condition. A few years ago little help could be given its disabled sufferers, but today science is gradually conquering the crippling and damaging results of infantile paralysis.

Throughout the country hospitals and other institutions are giving special attention to muscle training. By means of this special training it is possible to prevent many deformities and to restore the use of paralyzed limbs. The best results have been obtained by exercising in swimming pools. Exercising under water is easily accomplished and aids in restoring the strength and use of diseased muscles.

It is gratifying to read the amazing reports of the leading authorities on this subject. They claim that systematic exercise in warm water, as in swimming, and other gymnastics are found to be extremely beneficial to these sufferers. These exercises stimulate and improve the poor circulation of the diseased muscles and develop the proper coordination.

Sufferers from infantile paralysis are overjoyed when they find that with little effort they are able to swim and walk in water. In addition to stimulating these weakened muscles, benefit is derived from the improved mental outlook, for often these afflicted individuals suffer great mental depression which aggravates the physical condition.

Many of my readers will wonder why swimming and other exercises in water benefit cases of infantile paralysis. The answer to this is an old principle of physics known as Archimedes' Law. This old and wise Greek discovered that there was a difference between the weight of a man's body on land and under water. This is the real basis for the cure of sufferers of infantile paralysis.

Improvement Noted.  
Persons unable to control the movements of their limbs on land find that they can do so in the water. For the water supports nearly all the body's weight and helps the weak muscles in their action. In addition, underwater massage is given to afflicted parts, and special tables are built and placed in the pool for this purpose.

Many individuals have been completely cured of this disabling disease. Others have sufficiently improved to enable them to continue with their work. Unfortunately, many children suffering the effects of this disease have not been given the opportunity of this modern treatment. Delay and neglect are harmful, for prolonged muscular weakness is difficult to overcome.

# 'MURDER of the NIGHT CLUB LADY'

## THE NEW THATCHER COLT DETECTIVE MYSTERY

### BY ANTHONY ABBOT

COPYRIGHT, 1931, BY CECIL FRIEDLAND, INC., DISTRIBUTED BY KING FEATURES SYNDICATE, INC.

## CHAPTER FORTY-EIGHT

I should have known better than to bedevil myself with such questions. I have been with Thatcher Colt too many years not to know better. The man never does anything without some basis in sound reason.

Colt had seen something in that photograph which had escaped me. What could it be?

I confess I looked with new interest at the framed portrait which Captain Henry presently brought into the room. There was the same smiling, youthful face. But what else looked out at us from within the borders of the chased silver frame?

Still I could find nothing whatever.

Thatcher Colt received the photograph from Captain Henry and with a smile sent the old fellow back to Center Street. I am sure he wished to remain. Without awaiting for the door to close, the Commissioner went back to his argument.

The final proof, gentlemen, is just now in my hands. The case has come to an end. The facts are complete. It remains only to place them before you, and to arrest the guilty person."

We looked at him like freshmen, absorbed in a lecture we found glamorous. There was a tenseness, like electricity, trembling in the air. What revelation would be uttered here in the next five minutes?

Colt held up the photograph. "As some of you know," he went on quietly, "I was drawn to this photograph from the moment I saw it. It seemed to be the face of someone I had seen before. The features evoked a recollection in my mind. Yet for a long time I could not identify them."

"But logic settled that question, within two hours. I made a mental breakdown of that photograph. Whose eyes did it suggest? Whose mouth? Whose short, peaked ears? I got a little way with that—but I needed proof. Then I unfurled this portrait and got the name of the French photographer. By the telephone process I sent that picture to Paris and asked the chief of police to investigate."

"Meanwhile I was making other researches by cable. To my infinite surprise I learned that Lola Carrawe had lived alone in London and in Paris. Who, then, was the charming old gentleman she had introduced to us here as her mother? Was she a stage mother, family front for nobodies, as I have heard is an old Hollywood custom?"

"Then, by a quirk of fancy, my mind went back to a moment last night in the Crystal Room of the Ritz. Two girls—cinema performers—in blue, and a dowager mother were presented. I learned that the dowager was not really the girl's mother. She was hired by the motion picture company to give the girls a family background. Such things were done. Lola Carrawe had been in the movies and was thinking of going back again. Perhaps she had a hired mother, too, then—and perhaps after her marriage she found it impossible to get rid of her."

"A cable to London soon settled that. Lola's mother died immediately after Lola's birth. These reports confirmed my suspicions. Lola had entered the United States alone."

"I thus reasoned—and correctly—that the old lady we knew as

late—with the skill of a conjurer, she had taken advantage of that misdirection, when all attention was concentrated elsewhere, to haul in Christine's body and leave it on the floor. And I recalled, too, how she had accused Rowland in her sleep—the stenographic record of Miss Lox shows that conversation was too direct, too lucid, to be a part of a dream phantasm. I had one more job to do. I called M. Dupont on the telephone and asked him to go back to that photograph—er—to ask him if there were any other pictures of Boucher—any of his father and mother—and wire them back to me as fast as the telephone process could make it. Or to send me the

Social Affairs

**CRAWFORD-NELSON**  
Miss Helen Crawford of Columbiana, and Dr. L. H. Nelson, son of Mr. and Mrs. Harvey Nelson, East Liverpool, were married at 4:30 p. m. Sunday at the East Liverpool Methodist Episcopal church. Rev. John Dimit officiated.  
Dr. and Mrs. F. W. Trader of Columbiana witnessed the nuptials. After the ceremony dinner was served at the home of the groom's parents, following which Dr. and Mrs. Nelson left on a motor trip.  
They will make their home on Court and Prospect sts., Columbiana.  
Dr. Nelson, graduate of the University of Pittsburgh dental school, Pittsburgh, has been practicing his profession in Columbiana for three years. Mrs. Nelson is employed as nurse attendant for Dr. Trader.

**CARA NOME CLUB**  
Miss Loretta Conley of Pittsburgh was included in the guest list when members of the Cara Nome club were guests of Miss Margaret McLaughlin at her home, West Second st., Tuesday evening.  
Bridge was the chief pleasure with three tables in play. Mrs. Edwin Deagan and Mrs. Arthur Hase, who received the club prizes, and Mrs. Robert Culbertson and Mrs. Herbert Fischer, the hostess served lunch.  
In two weeks the members will meet with Mrs. Deagan at her home, West Second st.

**MERRY MAIDS**  
The Meadow Brook Merry Maids 4-H club members met Tuesday evening at the home of Margaret Stewart, North Lincoln ave.  
During the business session, Mrs. Wilfred Miller, adviser of the club, asked questions from the 4-H record book showing the various points of sewing.  
Refreshments were served during the social period.  
On July 9 the members will meet with Miss Josephine Cobbs, Ellsworth ave.

**GOLD STAR PARTY**  
Prizes were given in the card games and lunch served at a benefit party held by Gold Star auxiliary, Veterans of Foreign Wars, Tuesday evening at the hall, East State st.  
Edward Wicland, Harvey Lottman, Mrs. Fallow and Mrs. Ava Lottman captured the "500" prizes, while other prizes were claimed by Mrs. Esther Stoffer, Mrs. Margaret Harding, Rolandus Stoffer and Mr. Stoffer.

**MARRIAGE LICENSES**  
Miss Mary Lutsch and Mat Smith of Salem have been granted a marriage license at Lisbon. They are to be married by Rev. B. E. Rutsky.  
Miss Martha Rukenbrod of East Palestine, and Garold Gance of Rochester, Pa., draftsman, have been granted a marriage license at Lisbon. They are to be married at East Palestine by Rev. H. J. Thompson.

**EUROPE** is alarmed by a drop in the birth rate, France especially. Last year only 741,000 French babies were born. In 1888 the number was 1,346,000.

Poland, the only country in Europe showing an increasing birth rate, is a Catholic country, and deeply religious, as compared with other European countries. The Catholic religion forbids birth control.

**THE PROHIBITION PARTY** gathered in convention at Indianapolis yesterday, stimulated into action by Democratic and Republican wet plans.

The party thinks Senator Borah, who will not support President Hoover, might consent to run for President on a cold water ticket.

Senator Borah has not said yes, and probably will continue not to say yes. He is not accustomed to defeat in political undertakings.

**THIS YEAR** the Fourth of July killed 245, last year 500. The kind of patriotism that calls for loud explosions seems to have been subdued by the depression. Also unemployment, less money in the house, probably meant fewer "giant crackers" in the hands of children.

OHIO BROTHERS HORSEWHIPPED

light buggy whip on William, and the brothers with a "blacksnake" lash. Later, he led the men to the county line, and on instructions from the judge, ordered them never to return.

**Treated "Fine" In Jail**  
The brothers, who had spent 28 days in the jail on a charge of stealing a refrigerator and selling it for \$3, admitted their guilt when arraigned before Judge Putnam.

The judge inquired if they had been given good meals and treated well in the jail. "Very fine," the prisoners answered.

Taking the attitude that an ordinary jail sentence might be a pleasure rather than a punishment, Judge Putnam sentenced them to 20 days at hard labor with a diet of bread and water.

He followed the regular sentence by offering the whipping as optional punishment. "We'll take the whipping," the brothers replied.

Later, the judge explained that while there is no Ohio statute for a whipping sentence, there is nothing to prevent a prisoner from accepting such punishment as an alternative to the usual penalty.

**"Stretching" The Law**  
In a further statement, Judge Putnam upheld the lashing as "justified" by crime conditions, and said he was prepared to "stretch" his sentence to Holmes county.

His statement said Holmes county has suffered with a wave of crime, prevalent throughout the country, and out of all proportion with its population.

tank and three intermittent sand filters.

Thirty-three law suits were filed against the municipality by riparian owners for the period of 1925 and 1926 when plaintiffs claimed that the old plant was harming streams running through their land.

The new plant, approved by a vote of three to one by electors in the November, 1927, election, cost less than \$200,000.

**Has Unique Gas System**  
Special interest is displayed by visitors in a system introduced by Barkhoff, whereby waste received at the new plant is used for the manufacture of gas, utilized for heating the works' offices. This innovation, together with others devised by the engineer, have brought the City of Salem, its sewage treatment plant and Barkhoff to the attention of national engineering organizations.

The gas is used to operate the plant's incinerator, the heating system and in laboratory experiments.

The plant was designed by Barkhoff for a city of 15,000 population. Additional clarifying tanks and other improvements can be constructed at the plant from time to time when needed.

The plant, giving the city complete control of its sewage and waste materials, both domestic and industrial, will, according to Barkhoff and the many visiting experts, stand to reflect progressiveness and proper sewage treatment for many years to come.

### A MESSAGE TO THE PUBLIC!

We have never put on a sale without a reasonable reason, nor called a thing a bargain unless it represented unusual savings. In fact, this store does not have the sale habit. There are TWO PRINCIPAL REASONS FOR THIS BIG SALE.

FIRST—The determination to constantly increase our business, to cement the friendships of our old customers and gain the patronage of hundreds of families who have recently located in this section and are not yet familiar with our store.

SECOND—This store has stood upon the people of Salem, Ohio, an institution built upon the foundation of confidence, strict integrity and fair dealing—stating the truth at all times and truthfully representing our merchandise. We would not risk our reputation that we have protected since we have been in business, but never before have we been so enthusiastic in regards to the savings of make, for our merchandise has not been purchased to sell at bargain prices.

## THE DAY IN SPORTS

ABANDON TOURNEY PLANS  
SALEM GOLF CLUB CARD

BECAUSE of the lack of sufficient number of tennis courts to accommodate the expected number of entries, plans for a district tournament at the Salem Country club have been abandoned, officials announced today.

At least 15 courts would be necessary to run off the district event, sponsors said, while less than ten are available in Salem. Indications were that more than 100 players would enter the tourney.

GOLFING fans and players of the city who have as yet not played the Salem Golf club course have frequently expressed interest in that course and asked the question concerning the holes, par and length of the holes.

Par is 35, the distance for the nine holes, being 3,039 yards. But two holes-in-one have been registered at the course with par being bettered five times.

The course record is 31, held by J. Donald McLeay, former pro.

Here is the card that is handed to players as they tee off at Hole No. 1:

Hole	Length	Par
1	375	4
2	363	4
3	450	5
4	394	4
5	354	4
6	145	3
7	297	4
8	415	4
9	249	3
Total	3039	35

A MEETING of considerable importance to radio fans and to those interested in college sport will be held at Pasadena late this month.

This will be the meeting of the National Collegiate Athletic Association. Broadcasting of football games will be discussed. There is no definite indication as to the line of action which may be taken, but it is known that more than one athletic official will urge passage of a rule which would at least frown on football broadcasts.

The matter of recent broadcasts came up in a recent meeting of the Eastern Intercollegiate Association in which it was decided to ban broadcasts on home grounds. The decision was far-reaching as it affects most of the important eastern colleges and such important games as Yale-Harvard and Cornell-Penn.

WHILE THE ACTION was taken primarily as a measure to increase gate receipts, it is also known that some of the college officials have felt the broadcasts have not always been accurate. It is patent that persons interested in sport are also interested in Alma Mater, and any remark that could be interpreted as being of slurring nature is pounced upon.

There was, for example, the now famous incident wherein Ted Husing, Columbia ace announcer, described the play of Barry Wood, Harvard's great quarterback as "putrid," and Husing was barred at Cambridge.

Eastern association members anticipated charges of commercialism when they pointed out that football revenues pay for many sports which are money-losing propositions.

Radio officials, of course, regretted the action, and pointed out that many college graduates who were unable to attend games had pleasure in hearing about them over the air. The contention was made that broadcasts aid in general. The sell-out enjoyed at the Sharkey-Schmeling fight was cited by way of example.

## Champions to Battle Mullins; Cox Studio Club Upsets Pottery

Seeking their twelfth consecutive victory and at the same time attempting to continue as one of the leaders in the fight for the second round championship, the United Cigars, first half title-winners battle the Mullins Foremen's club in an important battle at Centennial park today.

The Cigars, already having established a new record for consecutive victories, are heavy favorites to upset the Foremen's club which ranked third in the first half race.

The Cox Studios, gaining their second straight win Tuesday, are setting the pace in the present race.

### Rally In Seventh Wins

The Studios, strengthened in all departments of the game, showed over two runs in the last of the seventh to triumph over the Salem China company team, 5-4, in a real thriller yesterday.

The Pottery gained a two run lead in the first game then were held scoreless until the first of the seventh when they overcame a one run edge piled up by the Studios to lead, 4-3, as the Cox team came to bat.

Before the inning was over the Coxmen had crashed two more runners across the plate and gave every indication that they must be considered one of the powers in the second half battle.

Allen Reynolds post No. 892, Veterans of Foreign Wars, pounded out 11 hits to trounce Galen Greenisen's Tires, 7-2, in the league's second game Tuesday.

Today's contest between Mullins and the Cigars will in all probability attract another record attendance. The body-makers, in a slump, have proved a keen disappointment and are hoping to climb out of the rut by decisively outpointing the first round champs.

The Mullins has almost the same team as a year ago when the Foremen won the city championship.

The Ohio Edison will play the American Legion in today's second game.

### Church League Thursday

Church league games are booked Thursday while Friday the Salem Hardware, victorious in its only start this round, meets the Pottery, and the Brown Pennzips meet the Greenisen Tires.

## PIRATES DEFEAT GIANTS, 4-3 FOR SIXTH STRAIGHT

Pittsburgh Adds to Lead  
In National Race;  
Cardinals Cop

(By Associated Press)

If their rivals will continue to feed them extra-inning games, the Pittsburgh Pirates should have little difficulty sailing away the National League pennant.

This notwithstanding the fact that many baseball men still cannot see the Corsairs as a serious contender, even if they are out in front by two full games at this stage.

The answer is simple: The Pirates are making a practice of winning any contest that goes longer than the regulation nine innings. Nine times this season they have traveled past the regular closing time, and in seven instances they have taken the decision.

Bill Swift gave them their sixth straight 10 inning victory yesterday when he licked the Giants, 4 to 3, in 11 rounds.

The only other game on the Big League calendar, the last place Cincinnati Reds damaged the Cardinals, 12 to 4. Red Lucas pitched his 17th consecutive complete game, and kept 10 St. Louis hitswell segregated.

There was no action in the American League.

## Kansas City Team Plays Night Ball

KANSAS CITY, July 6. — The Kansas City Blues play their first night baseball game at home under the floodlights at Muehlebach field tonight against Indianapolis.

The large illuminators were tested last night when the Blues held a practice session. They have played under lights elsewhere in the American association.

## How High Is Up?

The answer in this case is exactly 13 feet, 10 inches, which is some vault, if anybody should ask. The gentleman hovering in midair is Keith Brown, of Yale University, shown as he won the pole vault event during the Eastern Olympic tryout finals at Cambridge, Mass. Brown defeated the outstanding pole vaulters of the entire country and seems a certainty for the U. S. Olympic team.

## HAGEN DEEFENDS GOLF TITLE IN CANADIAN OPEN

United State Stars To  
Vie For Honors At  
Ottawa Thursday

(By Associated Press)

OTTAWA, ONT., July 6.—Play'rs from the United States have captured the Canadian open golf championship without a break since the war and Canada's chances of breaking through in the 1932 classic, starting here tomorrow, appear slim.

Except for Gene Sarazen, British and American open champion, virtually every one of the United States' ranking professionals are entered.

### Hagen Defends Title

Among them are Walter Hagen, defending title-holder; Leo Diegel, McDonald Smith, Al Watrous and Tommy Armour, all former champions; Bill Burke, Bobby Cruickshank, Phil Perkins, Horton Smith, Wiffy Cox, Johnny Farrell, Olin and Mortie Dutra, George Von Elm, Harry Cooper, Ed Dudley and Joe Kirkwood.

Karl Kaffer of Ottawa, last Canadian to win the title, will try to repeat his victory of 1914. Other Canadian contenders include Lex Robson, who won the Canadian pro title yesterday; Andy Kay, Ross Somerville, Willie Lamb, Jimmy Johnstone and Dave Spittal.

### Jurado Entered

Jose Jurado of the Argentine, and Tomekichi Miyamoto of Japan add international flavor to the field.

The championship, a 72-hole medal play competition, will be played over the 6,770 yard layoff of the Ottawa Hunt and Golf club, six miles from the capital.

## Experts Only Will Be Permitted To Broadcast Fights

NEW YORK, July 6.—Only "boxing experts" will be permitted to broadcast radio descriptions of matches in this state hereafter, the New York State Athletic Commission has decided.

The new rule is an outgrowth of the controversy over radio accounts of the recent Schmeling-Sharkey bout in which Charles Francis, Cor., novelist, and Graham McNamee, announcer, indicated Schmeling had gained a wide lead on prints over Sharkey. A majority of critics at the ringside also thought the German had won but the commission approved the decision that gave Sharkey the fight and heavyweight championship.

The commission said it considered a boxing or wrestling sports writer, referee or judge, competent to broadcast boxing or wrestling bouts.

## Firecracker Burns Force Cub Player To Bench For Week

(By Associated Press)

CHICAGO, July 6.—Rollie Hemley's Fourth of July celebration will keep him from helping the Cubs in their effort to regain first place in the National league for a week or more.

It became known today that the young catcher suffered a powder burn to his left eye as the result of the premature explosion of a firecracker at Pittsburgh Monday. The eye was badly inflamed today and he was not expected to be back in action for at least a week.

# TODAY'S RADIO PROGRAMS

Paul Whiteman has decided to revive his search for new radio talent.

Starting next week he will conduct a series of auditions. In his first audition Whiteman discovered several good voices.

Coupled with this audition is to be one for new songs.

The Pickens Sisters trio now consists of three bonafide sisters. Patti has come to New York to join Jane and Helen, replacing the third singer who was a sister in name only—East Lynn—with a sister at made up of veteran Broadway actors, is scheduled for WJZ-NBC Saturday evening.

Two radio school scholarships have been offered by Robert Crawford of New York to the voices best adapted for microphone singing—now that their radio series has ended. Eddie and Ralph, the Sisters of the Skillet, are getting set for a vaudeville tour—Jack Osterman, famed around New York as a master of ceremonies, is leading a band which, besides its regular engagement, plays for radio.

### FOREIGN BONDS BOOST MARKET

#### London optimism prompts Short Covering In New York

(By Associated Press)

NEW YORK, July 6.—Persistent strength in foreign government bonds bolstered the securities markets generally today after shares had had a temporary slump during the morning.

German government bonds were said to have been heavily bought by London, in anticipation of an early announcement of a reparations agreement at Lausanne, although private cable advices to Wall street from Paris were less optimistic. At any rate, the optimism in London served to prompt considerable short covering in the New York stock market.

American Telephone, after sinking nearly 2 points to a new low at 75, recovered, and by early afternoon, net gains of a point or so appeared in American Can, Allied Chemical, Case, and Standard Oil of California. Oils, which have recently been selling at a discount, were a conspicuously firm group, as fractional advances appeared in standard of N. Y. Texas Corp., Atlantic Refining, Royal Dutch, Pure Oil, Con-

solidated, Continental, and Socony-Vacuum. Some of the mining issues were again firm, and leading industrial and falls selling somewhat above yesterday's close included U. S. Steel, National Biscuit, Union Pacific, New York Central, and others. International shoe was a soft spot, dropping 6 points.

## THEATER Attractions

TODAY, at the State theater, "New Morals For Old" and the Laurel-Hardy comedy, "The Chimp" play for the last times.

The feature attraction has a really fine cast which includes Lewis Stone, Robert Young, Myrna Loy, Jean Hersholt, Louise Crosser Hale, Mitchell Lewis and Davis Newall.

Here is depicted the age old struggle between parents and their children. A boy and girl resolve to lead their own lives, defying the wishes of their parents. For the boy, who goes to Paris to study art, there are gay nights in the celebrated Latin quarter. For the girl there is romance and a runaway marriage.

Margaret Perry, who starred in the original version, is excellent in the role of the wayward daughter, while Young, who was last seen here in "The Wet Parade" does fine work as the son.

"THE CHIMP" with those popular comedians, Stan Laurel and Oliver Hardy, is the second feature of the bill today.

with Laurel, much to the discomfort of the latter, and try as he might, with the so-called assistance of the rotund Hardy, they can't get rid of the chimp.

The ensuing situations that follow make for some of the most amusing sequences of the many comedies these two have made.

COMING ATTRACTIONS show "Symphony of Six Million" at the State for Thursday only.

Ricardo Cortez and Irene Dunn are starred.

The story is from the novel by Panny Hurst.

Like most of the stories by this eminent American authoress, the locale is New York's vibrant East Side which is represented in the film truthfully as a throbbing symbol of intermixed racial cultures.

The story is the saga of an East Side doctor, a man of extreme ideal-

ism, who consecrates his life and his great gift in the treatment of the poor and helpless.

His family, believing that exploitation of his skill will result in their financial betterment, influences him to move to the exclusive Park Avenue section of the city. There his talents are rewarded by the wealthy, but in the meantime he has lost contact with his early environment and the idealism that had once made him devote his life to the poor.

He is awakened to his former sense of duty to the poor after he performs an unsuccessful operation upon his father and when Jessica, (Irene Dunn) herself in danger of death, shames him into a new sense of duty.
